Nanu Ravensburger finally release on Computer!
Multigenerational Memory Game for 2 to 4 Players
Author: Heinz Meiste

HOW TO PLAY ?

ARE YOU READY?

Players click “Ready” to shuffle picture discs before arranging five covers onto discs.

RULE OF THE GAME

As the dice reveals its color code, the chosen color dictates the hue of the cover players are set to guess.

In the heart of "Nanu Ravensburger," the game takes a thrilling turn when the "Joker" dice face comes into play. Players, upon rolling the dice and landing on this whimsical symbol, gain the power to select any cover from the grid. The challenge then lies in guessing what lies beneath the chosen cover.

BY JAVA LIEBT DICH

IN THE GAME

24 round picture discs,
5 covers, 1 dice.

AT THE END

Player with the most discs win the game.
